Pratik Mahamuni

Software Developer (Fresher)

+918668772743 ◇ pratik2002m@gmail.com ◇ Pune, Maharashtra, India ◇ LinkedIn ◇ GitHub

SUMMARY

Aspiring software developer with hands-on experience in Java, Spring Boot, REST API and MySQL. Proven ability to develop efficient and scalable web applications during internships and academic projects. Adept at problem-solving and collaborating in team environments. Seeking a role in software development to leverage my skills and contribute to innovative projects.

EXPERIENCE

Java Developer Intern
Dec 24 – May 25
Sanyu Infotech Pvt Ltd

- Gained valuable experience in Core Java and MySQL by assisting the development team on various web development projects.
- Acquired foundational knowledge of the Spring Boot framework, contributing to efficient and scalable application development.
- Expanded understanding of the software development lifecycle and best practices, including requirements gathering, design, implementation and testing.

EDUCATION

Master Of Computer Application, Savitribai Phule Pune University (GPA: 8.09)   Aug '23-Jun '25

- First Class With Distinction

Bachelor Of Science, Shivaji University, Kolhapur (GPA: 8.36)   Jul '20 — Jun '23
- First Class

Higher Secondary Certificate, DP Bhosale College Koregaon (GPA: 57.85)   Jun '19 — May '20

Secondary School Certificate, Sharada Vidyalaya Ekambe (GPA: 85.00)   Jul '17 — Jun '18
- First Class With Distinction

PROJECTS

HOSPITAL MANAGEMENT SYSTEM :   Mar '25 — May '25
- Developed a full-stack web application to manage patients, appointments, staff, billing, and medical records efficiently.
- Implemented role-based access control (Admin, Doctor, Receptionist) ensuring secure and restricted system access.
- Designed responsive and user-friendly front-end using Bootstrap, enhancing usability across devices.
- Integrated automated workflows (e.g., appointment confirmation, billing generation), reducing manual effort and errors.
- Utilized Java, JSP Servlets for backend logic, Bootstrap for responsive UI design, and MySQL for robust database management.

E-COMMERCE WEBSITE :   Jan '25 — Mar '25
- Built a full-stack e-commerce platform with features like product listing, shopping cart, user authentication, and order management.
- Developed RESTful APIs using Spring Boot for secure and scalable backend operations.
- Implemented a secure database using MySQL, enhancing data integrity and accessibility.
- Designed a dynamic, responsive front-end using Angular and Bootstrap, improving user experience across devices.

SKILLS

Programming Languages:-   Java (Core, Advanced), Python (Basics)
Web Development:-   HTML, CSS, JavaScript, Angular
Framework:-   Hibernate,Spring Boot
Database Management:-   MySQL
DevOps Tools:-   Maven, Git, Github
IDEs:-   Eclipse,VS Code

CERTIFICATIONS

Simplilearn - Advanced Search Engine Optimization Certifiaction

Simplilearn – Advanced Social Media Certification Program.
